Please Contact:

Kirby Thompson, CCNP, CGG

kirby@brittonflowers.com

719.360.3634

Reports to: Kirby J. Thompson, Owner (Send application inquiries to kirby@brittonflowers.com)

Pay Package: \$16-25/hour (depending on experience) plus optional simple IRA program

Personal Qualifications:

- Strong character and personal integrity, cheerful positive attitude
- Physical fitness to perform demanding physical tasks (Can lift up to 100 lbs)
- Multi-tasking efficiency (manage multiple projects simultaneously)
- Quick problem-solving and decision-making ability
- Taking pride in doing excellent work, no matter how small the task
- Ability/willingness to work alone OR with teams
- Leadership experience and ability to direct others

Professional Requirements:

- 1) Flexible and Seasonal Availability (On call between 0-40 hours per week as needed)
(variable part-time to full-time hours during Apr-Oct, few and sporadic hours from Nov-Mar)
- 2) Substantial experience and skill with:
 - Operating/Maintaining Farm Equipment (Tractors, trucks, trailers, mowers, weedwhackers, chain saws, farm implements)
 - Construction, refurbishing and remodeling (woodworking, building, framing, cement work)
 - All basic hand tools and power tools
 - General knowledge of painting, plumbing and electrical systems
- 3) Skills not required but a plus: (and merits higher hourly wage)
 - Greenhouse design, construction & maintenance experience
 - Welding experience (MIG)
 - Driving experience with trucks and trailers (CDL not required)
 - Automotive repair and maintenance experience

Job Responsibilities & Duties:

- 1) Maintain Equipment: tractors, trucks, trailers, carts, tools and small machines
- 2) Maintain Property: Gardens/yards, weed mitigation and overall facilities cleanliness
- 3) Maintain Structures: residences, greenhouses, shade houses and sheds/barns
- 4) New construction as needed (fences, sheds, other structures)

* **NOTE:** The facilities maintenance technician will sometimes be called upon to support other departments at the nursery performing tasks such as making customer deliveries, plant management and winterizing procedures.

The mission of Britton Nursery is to share the gift of God's creative beauty in the landscape of our community by hand-crafting a healthy home for our perennials and the people who tend them.
