We are looking for a full-time, retail-oriented seasonal manager for our new pop-up garden market. Position starts April 1 or sooner, and extends into early July. The market will be open from April 30 to June 30. Here's a short list of what the job requires:

- This is a retail market, so must enjoy interacting with customers
- Above average plant knowledge required
- Inventory management/maintaining high quality of all plants
- Ability to work with and train hourly employees is critical
- Scheduling of hourly employees to efficiently meet sales demands
- Cash register management, end of day register reconciliations (ShopKeep POS knowledge a plus)
- Comfortable with merchant/vendor communications
- Must be capable of physical work and be willing and able to lift 40-50 lbs
- Ability to open and close, and work 5+ days a week

We are locally owned and operated, and grow almost all of our plants right here in Arvada. We are deeply passionate about providing communities access to locally-owned garden centers, high-quality plants, and the level of service and expertise that you can bring to our team!

Interested? Let's talk! Reach out and we'll answer any questions you might have!
