

Job Posting

Production Line Team Member

Date Posted: January 25, 2022

Location: Britton Nursery, Inc., Colorado Springs, Colorado

Contact:

info@brittonflowers.com

Compensation:

Wage: \$13 - \$14/Hour, Full Time

Description:

The production line team at Britton Nursery is responsible for ensuring that Britton Nursery has an uninterrupted supply of perennials of outstanding quality. Team members work in an assembly-line style production system to up-pot plants from liners into 1 gallon pots in a fast-paced, teamwork-focused outdoor setting. Team members must be able to produce exceptional quality and consistency at a pace that keeps up with high sales demands.

Our production line is not automated, so our production line team members work by hand to fill pots with soil, remove plants from liners, plant them into the soil, tag them, transport them to the appropriate greenhouse, and water them, all the “old-fashioned style” by hand. These tasks require a high level of physical ability as well as the attention to detail at every step to produce plants of the highest quality.

Required Skills:

- Cheerful attitude and willingness to do what is asked
- Ability to work and communicate in a team setting
- Attention to Details
- Critical thinking and decision making
- High School Graduates Preferred

Physical Requirements:

The physical demands of the production team are high. Team members must have the physical stamina to be on their feet performing tasks for 8 hours a day without losing efficiency or quality. They must regularly lift and/or move up to 25 pounds, and occasionally may be asked to lift up to 50 pounds.

Workplace Environment:

The production line team works in a fast-paced, outdoors environment with constant physical activity, never sitting at a desk, regularly exposed to hot, cold, and wet conditions. On days of extreme or inclement weather, indoor tasks may be assigned, or the work day may be cancelled. *Britton Nursery Team Members may be asked to perform other duties as assigned which are not listed on this document.*

Email info@brittonflowers.com to apply for this position.
