Assistant to the Owner

This full-time, key position will be to help to Mikl, our co-owner, be more effective. This position involves organic plant and pest management, as well as some construction and deliveries. This position involves energetic outside work and is a great opportunity to learn in a friendly, healthy atmosphere.

Propagation & Production Assistant

Get your hands dirty! As an aid to our propagator, Gary Meis, this full-time position will involve the propagation and production of organic perennials and shrubs. This position involves energetic outside work and is a great opportunity to learn in a friendly, healthy atmosphere.

Garden Maintenance Position, Full or Part-Time

Ideal candidate has Horticulture/ Nursery/ Gardening experience. Outdoor work; duties include maintenance of display gardens and non-toxic pest management of container plant stock (weeding, cleaning, fertilizing, pest-control applications, some watering, planting, soil prep). Requires reliability, efficiency, good communication & record-keeping skills, attention to detail, desire to learn, physical exertion.
