Job Description

Denver Parks and Recreation is seeking an experienced and passionate Greenhouse Horticulturist to perform growing and horticultural related duties in the effort to continue Denver's long tradition of providing beautiful parks and parkways for all citizens. The City and County of Denver's Department of Parks and Recreation maintains nearly 400,000 square feet of highly visible and greatly valued annual flower and perennial plant displays. The Greenhouse Horticulturist position performs propagation, scheduling and finishing of greenhouse crops for installation citywide. This position will also assist with planning, design, and installation of annual perennial plant displays throughout Denver's park system, which require the highest level of professional care. Additional responsibilities may include general park maintenance, trash pickup, restroom cleaning, graffiti removal, and more.
