DESIGNER

Full-Time / Part-Time | Basalt, CO | \$35.00 per hour to start

About Us

Mountain Greenery has been the Roaring Fork Valley's trusted garden center and interior plantscape company since 1987, serving high-end residential and commercial clients throughout the Aspen/Basalt area.

About the Role

We're looking for a creative, detail-oriented Designer to join our team. You'll be the hands behind the arrangements our clients love — from everyday blooming plant designs to elaborate holiday displays. This role blends horticultural know-how with a strong eye for color, texture, and composition.

What You'll Do

- Design blooming plant arrangements — orchids, live blooming plants, and mixed displays
- Create artificial flower, plant, and succulent arrangements for clients wanting long-lasting color
- Build live succulent arrangements — dish gardens, planters, and custom containers
- Design flower pots — seasonal and year-round container designs
- Produce holiday pots and holiday blooming plant displays (poinsettias, amaryllis, etc.)
- Design holiday decor — wreaths, garland, table centerpieces, and full holiday packages
- Take on miscellaneous custom designs and one-off client requests

What We're Looking For

- Experience with floral, plant, or interiorscape design (professional or strong personal portfolio)
- An eye for color, proportion, and seasonal trends
- Comfort working with both live plants and artificial/silk materials
- Ability to manage multiple projects and meet deadlines, especially during peak holiday season
- Strong communication skills for occasional client-facing consultations
- Detail-oriented and takes pride in finished work

Nice to Have

- Experience with succulents specifically (live care/design)
- Prior retail or garden center experience
- Familiarity with high-end residential/commercial clientele expectations

Compensation

\$35.00 per hour to start
