katelynn.martinez@one-canopy.com
303-250-4126

Location

Pickup only in SE Loveland (between Hwy 287 and I-25). Cash only.

Cost

\$2,000, Cash only.

Notes

Commercial-grade Easy-Kleen hot water pressure washer with adjustable pressure and water temperatures up to 200°F. Includes spray gun and hose. 4000 PSI This unit has been used only six times over the past three years and has otherwise been stored indoors. Current issue: The water suction/feed recently began failing. The machine powers on, but it is not drawing water properly. We have not diagnosed or repaired it, as we don't use it often enough to justify the time and expense. Sold as-is.
