[See BizBuySell Ad #2173481](#)

This business provides year-round tree trimming and maintenance services, including cutting and pruning branches, the removal of dead or excess trees, stump grinding and stump removal. Part of the business income is the planting of new trees requested by their clients. The company also provides botanical insecticide treatments for trees and shrubs. Strong repeat business with over 300 "frequent" customers returning for additional work year after year and thousands that have been serviced by this business over the years that know the quality service this business delivers!

Asking Price: \$1,300,000
